MUSICAL STYLIN'S

I'm here to cue it up and let it roll so you can do your thing. Whether it's a chill time with friends and family or funky tunes at a local shop or rooftop patio.

It's all about setting an atmosphere, offering a new spin on the old school and getting people into a vibe.

I love blending vibes from 90s and 2000s throwbacks into those upbeat, remixes and creative edits. But don't take my word for it. Let your ears guide the decision.

SUPPORTING LOCAL

This is kind of my thing. As a local DJ, I understand how meaningful it is to represent one's city and thrive. My aim has been to work with local cats to support our growing community. Lets work together!
